## Pastor's Pen

I hope you had a wonderful summer! Not just action packed, but that you took some time to build some good relationships with family and friends. In Paul's first letter to the Corinthians, he is continuing to build relationships with this church and the city where there were many who did not yet know Jesus. He writes to them, "Remember the Gospel." Do you remember when someone first shared the Gospel with you? Do you remember different people who have planted seeds in your life? There are so many people across the Truckee Meadows who do not know Jesus. Where has God planted you so that people will search, find, and know Him?

Serving with you for His Kingdom Impact - Pastor Tim
